5% Exception of Youth Eligibility – 1st 5% Both in and out of school

Up to five (5) percent of **in-school and out-of-school** youth participants served by youth programs in a local area may be individuals who would be covered individuals except that the persons **are not low-income**. For both 5% barriers, the area has decided that ANY youth enrolled through this exception must be screened by the youth standing committee and accepted PRIOR to enrollment using this exception. Documentation of this screening must be signed by the Area WDB Chair and maintained in the participant's file.

5% Limitation of In-School Youth Eligibility – 2nd 5% In-school only

Not more than five (5) percent of **in-school** youth may be eligible based upon being an individual who requires additional assistance to complete an educational program or to secure or hold employment. For both 5% barriers, the area has decided that ANY youth enrolled through this limitation must be screened by the youth standing committee and accepted PRIOR to enrollment using this exception. Documentation of this screening must be signed by the Area WDB Chair and maintained in the participant's file.
